KOHLER®

Living on the Leading Edge of Design and Technology

From products that perfectly combine design and technology to overall kitchen and bathroom solutions, KOHLER brings a gracious living to every customer.

WELCOME TO KOHLER®

We're celebrating 147 years of setting the standard of excellence and pushing the limits of design. Whether we're creating kitchen and bath products, tile and furniture collections, engines and generators, or four-star resorts and championship golf courses, our work is born from a desire to design experiences that make the world more gracious.

After four generations, we remain a family-owned company. Bolder than ever.

A HISTORY OF INNOVATION

1873

Kohler[®] Co. is founded by John Micheal Kohler in Sheboygan Wisconsin.

1883

An enameled castiron horse trough/hog scalding is sold as a bathtub.

1905

Walter J. Kohler is elected as company president.

1965

Introduction of bathroom fixtures in "accent" colors, more vibrant than the pastels of the 1920's.

1948

Kohler[®] Co. begins producing and marketing small engines.

1967

New concept of boldly colored products under the tag line THE BOLD LOOK OF KOHLER[®].

1972

Kohler[®] Co. begins producing and marketing small engines.

1984

Sterling Faucet Co.: first acquisition of Kohler[®] Co.

2035

Conservation and sustainability remain at the heart of our mission as Kohler works tirelessly toward a net-zero environmental footprint by 2035.

2016

Fortune magazine names Kohler Co. one of the top 25 most important private companies, reporting the company is "highly influential in determining how homes look—and has been for 142 years."

1911

Kohler® Co. introduces the industry's first one-piece built-in bath with an integral apron.

1920

Kohler® Co. enters the Power Systems business.

1926

Kohler® Co. opens a plant in Village of Kohler, to manufacture faucets and brass accessories.

1937

Herbert V. Kohler, Sr., is elected President of Kohler® Co.

1927

Kohler® Co. begins production at its new pottery building, capitalizing on a technological breakthrough, Kohler® Co. offers Cast-Iron and Vitreous China plumbing products in matching pastel colors.

1988

Kohler® Co. opens its first golf course.

1999

Kohler® Co. expands European offices and distribution to include Oer-Erkenschwick, Germany.

2001

Mira, the leading shower manufacturer in the UK, becomes a Kohler® company.

2008

Kohler launches the Karbon® articulating kitchen faucet, the first of its kind in the industry.

2011

Numi®, the most innovative KOHLER toilet, combines toilet and bidet functionality and marks a new standard of excellence.

2009

David Kohler is named President and Chief Operating Officer.

BATHROOM
THE

A hand is shown holding a piece of orange, ruffled fabric. The background is a bright window with light streaming in, creating a soft, ethereal atmosphere. The overall color palette is warm, dominated by the orange of the fabric and the light from the window.

The edge between where we are and where we are headed, the space where daily life stretches forward to possibility, and the moment between what has been expressed and what needs to be said – this is where design lives and trends begin.

At Kohler®, these are the places we live to explore, the potential we work to shape, and the vision we bring to life. We are delighted to share the latest evolution of current and emerging trends that we've identified as the most compelling for bathroom spaces. Enjoy!

TRENDS

REALIZING YOUR VISION STARTS WITH A POWERFUL PARTNERSHIP

VEIL™ FREESTANDING BATH | PURIST™ FLOOR-MOUNT BATH FILLER IN VIBRANT™ ROSE GOLD

Every day you take steps to bring big dreams to life. And every day Kohler associates worldwide deliver the dedicated support that makes this journey simple and helps you achieve extraordinary results.

Backed by decades of specialized experience, our global team has a singular commitment to this community of architects, designers, specifiers, developers, and hotel owners. We routinely share knowledge and insight, closely partnering with you throughout your full project life cycle. And with a global supply chain network to support our local teams, we can ensure products are delivered on time, wherever they're needed.

Our team shares a passion for artfully appointing products to projects all over the world. We're dedicated to transforming your every vision into an unrivaled experience—never to be duplicated or forgotten.

EIR~ INTELLIGENT TOILET | MODERNLIFE~ VESSEL SINK | PURIST SINGLE-HANDLE SINK FAUCET IN VIBRANT~ ROSE GOLD

The devil is in the detail.

The Manchester United Collection

Taking inspiration from the club's legacy, the sophisticated Manchester United Collection reflects the Kohler history of leading-edge design and quality craftsmanship. Our design team celebrated our partnership with the club through stylish and bold all-black bathroom styling. The striking features include alternating layers of matte and glossy black, grey tones and touches of red emphasizing details like the Red Devil logo.

BOUNDLESS VISION, SINGULAR DEDICATION

It's a story that begins in 1873 with a vision that transformed a cast-iron water trough into a bathtub. And it's a spirit of ingenuity that propelled a small Wisconsin plumbing company into a global lifestyle brand.

Since our earliest days, Kohler Co. has been driven by innovative design and an uncompromising commitment to quality. Today the portfolio of incomparable Kohler brands leads the way in design, innovation, and craftsmanship. With smart, water-saving designs and advanced technologies, our products help bring beautiful, efficient structures to life. But it's our passion for partnership that's set us apart as a global leader.

PURIST™ SHOWERHEAD IN MATTE BLACK

VEIL™ INTELLIGENT TOILET

MEMOIRS™ CONSOLE SINK

VIBRANT BRUSHED MODERNE BRASS

Vibrant Brushed Moderne Brass is a contemporary take on a classic finish. The warm coloring is earthy yet sophisticated. The soft brushed finish is approachable and easy to incorporate into your interior palettes. Introduce a layer of luxury and warmth to any kitchen or bath with Vibrant Brushed Moderne Brass.

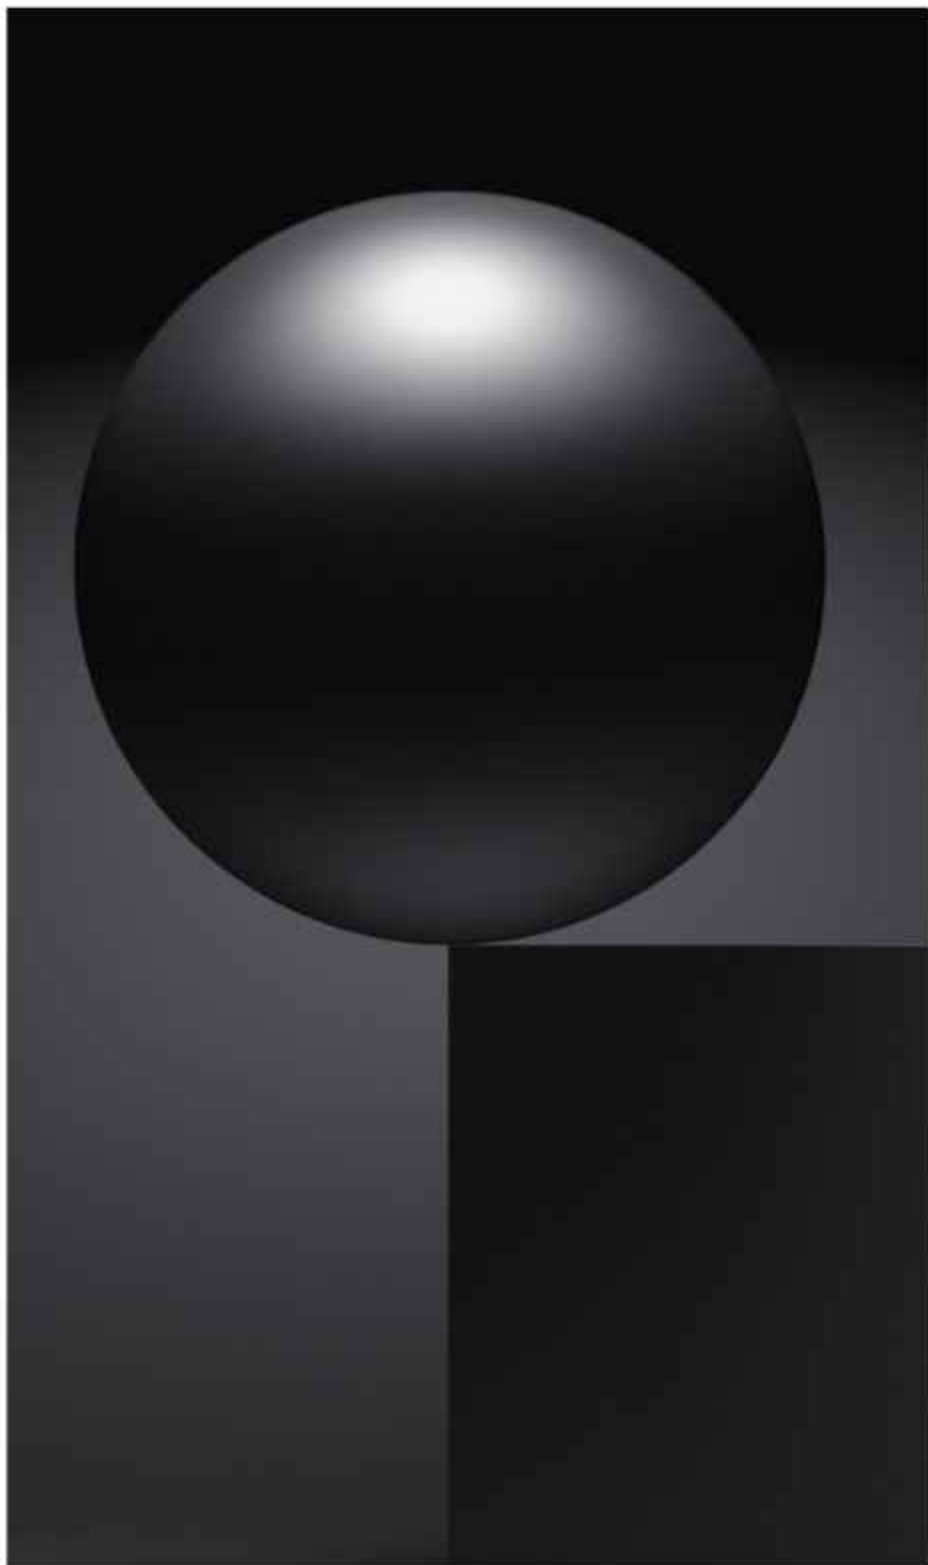

BEWITCHING MATTE BLACK

CELEBRATE YOUR FINEST
MOODS THIS SEASON WITH
MATTE BLACK, KOHLER'S
SIZZLING NEW SHADE.

Dark is trending this season, a mood captured mesmerizingly by Kohler's Matte Black. Lavish your ambience with the magnetism of a hue that is intoxicatingly Indian by nature and spectacularly contemporary at heart.

KOHLER'S SIZZLING NEW SHADE IN MATTE BLACK

COORDINATED DESIGN

Build a single,
distinctive style for
total harmony in
your bathroom.

COLOURS BY KOHLER®

Create a striking contrast in your space through the skillful pairing of colors and textures. Let the vibrant Peacock, the smouldering Thunder Grey and the enigmatic Matte Black elevate your bathroom.

BEGIN WITH THE FINISH THAT SPEAKS TO YOUR STYLE

From brooding beauty to lustrous warmth, add dramatic design elements to your kitchen and bath space. Begin with the finish that speaks to your style, and let the story unfold.

KOHLER® EXPERIENCE CENTERS

Discover the insights that come from interacting with KOHLER® products in person. Experience the latest and most innovative technology firsthand, including on-site experiential spa suites with fully functioning showers. Connect with design experts for invaluable guidance along every stage of your specification.

WELCOME TO STUDIO KOHLER

With StudioKOHLER.com, Kohler partnership and product support is available wherever you work, whenever you need it. It's a digital destination dedicated entirely to the specifier community, delivering services and guidance for every stage of your project. Access our global product catalog, case studies, regional specifying guides, technical files, and on-demand collaboration — all from one site.

THE KOHLER[®] TOILET ADVANTAGE

THOUGHTFULLY DESIGNED | VIVE WALL HUNG TOILET

Featuring advanced technology, our wide range of stylish toilets combine powerful performance with high design. Kohler® toilets are thoughtfully designed by our teams around the world to offer style, sustainability and hygiene.

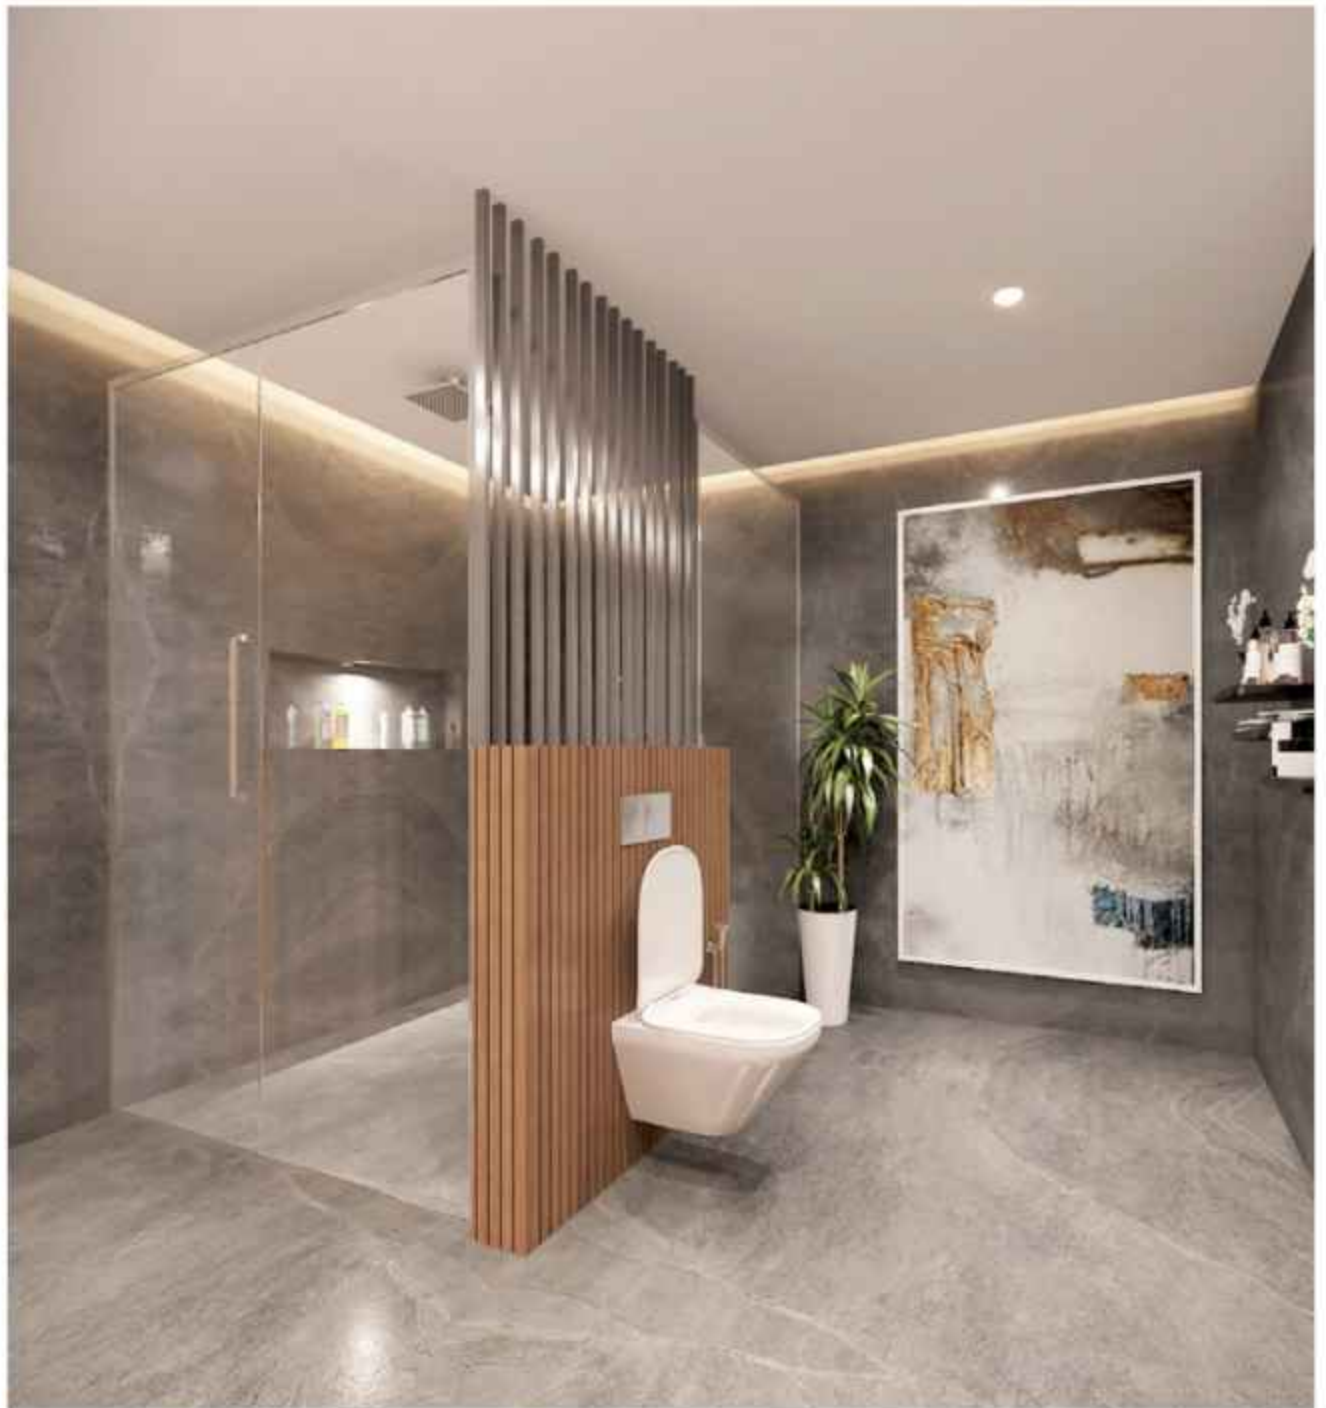

DESIGNED TO INSPIRE
SUSTAINABLE
HYGIENIC

MODERNLIFE EDGE™ SUITE DESIGNED BY SANJAY SAREEN, ETERNITY ARCHITECTS

DESIGNED
TO INSPIRE

Design embodies Kohler's dedication to innovation through a blending of technology and art. We are on a never-ending odyssey to create inspiring designs that are engineered to the highest standards of quality and performance.

Kohler® toilets are designed keeping in mind how a person's bathroom is their sanctuary, a peaceful haven set apart from the frenzied pace of today's lifestyle.

SAVING WITHOUT SACRIFICING

SAVE 33% WATER WITH EVERY FLUSH

It's our mission to provide a single level of quality. And you can depend on Kohler® water-saving toilets to deliver innovative design and lasting beauty without compromising on performance or function.

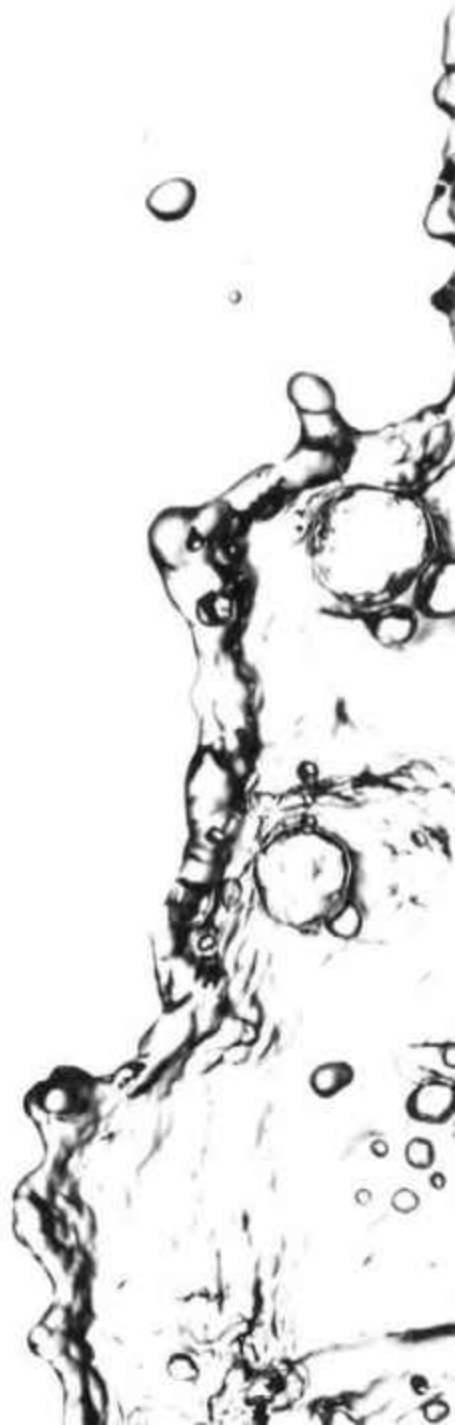

ENGINEERED FOR EFFICIENCY

Technologically advanced inner bowl configuration has been designed to flush out the waste in one go.

STORES LESS WATER

Flushing technology minimizes water retained in bowl post flushing to 1 litre only.

Trace wall hung Toilet K-20217IN-S-0 with Lyrk , pneumatic faceplate in polished chrome K-75890IN-P-CP

SUPERIOR HYGIENE

Kohler® toilets are designed to exceed even your high standards of hygiene and cleanliness. They look clean. They flush clean. They use new technologies to help keep you feeling clean and comfortable. For your bathroom and you, there's no such thing as too clean.

TRUE RIMLESS

Experience the slick, uninterrupted sweep of a superior, truly rim-free design.

GERMISHIELD

Long-lasting glaze that doesn't wash or dust off. Ensures anti-microbial protection.

CLEANER BOWL WITH EVERY FLUSH

Innovative dual-jet technique ensures optimum coverage – cleaning the entire bowl in a single flush.

Wall wall hung elongated rimless toilet K-75706N-SS-0 with Pebble, Pneumatic faceplate K-5415N-P-CP

KOHLER[®] GERMSHIELD[™]

ANTI-MICROBIAL PROTECTION

For Kohler's unique new GermShield, hygiene and cleanliness come factory-fitted. Baked permanently into the ceramic right at the manufacturing stage, its properties do not arise from superficial coating, but are an ingrained 'DNA' of its unique glaze.

LONG-LASTING PROTECTION

BROAD MICROBIAL COVERAGE

SAFE TO TOUCH

THE KOHLER[®] INTELLIGENT TOILET

DISCOVER WHAT YOU'VE BEEN MISSING

When was the last time your toilet made you feel like royalty? If you haven't tried a Kohler[®] intelligent toilet, maybe it's time to discover what you've been missing. Kohler[®] intelligent toilets bring unrivaled designs to next-generation smart home technology, making for integrated personal cleansing. With intuitive controls and custom settings, and adjustable temperature and wand position, intelligent toilets deliver a completely personalized experience. Elevate your everyday with Kohler[®] intelligent toilets.

CLEANSING

Hands-free use of the toilet and its functions

- Automatic hands-free open/close of lid
- Adjustable motion sensing up to 6 ft
- Intelligent Power Lite[®] siphonic dual flushing in floor mount toilet, and wash-down dual flushing in wall-hung toilet
- One-touch UV sanitization of stainless-steel bidet
- Automatic deodorization
- Button operated unlimited flushes in case of a power cut

CONVENIENCE

Bring home the finest in personal comfort

- Front and rear wash
- Oscillating, pulsating and spiral sprays
- Adjustable pressure and temperature settings
- Intuitive touch screen remote
- Adjustable heated seat and warm air dryer

CUSTOMIZATION

Fine-tune the toilet to your preference.

- Soft Nightlight
- Energy saving mode
- Option of wall-hung or floor mount configuration

CLASSFIVE™

Extraordinarily Powerful

KOHLER CLASS FIVE™

Powerful flushing performance for complete waste removal

MORE POWERFUL

The high-speed water flow generated by the larger flush valve along with the additional water jet ensures extraordinary flushing and bulk removal to effectively prevent clogging.

IMPROVED HYGIENE

The 360-degree flush of swirling water reaches the entire inner bowl for optimized cleaning performance and hygiene.

WATER SAVING

Eco-friendly flushing (3/4.8L) reduces water consumption and satisfies LEED and Green Building certification standards.

REVOLUTION 360

IMPROVED HYGIENE

The 360-degree swirling water flush reaches the entire inner bowl for optimized cleaning performance and hygiene.

CONTINUOUS CLEAN

Automatically dispenses a cleaning solution into the toilet bowl for improved long-lasting hygiene with each flush.

MORE POWERFUL

The high-speed water flow generated by the larger flush valve along with the additional water jet ensures extraordinary flushing and bulk removal to effectively prevent clogging.

WATER SAVING

Eco-friendly flushing (3/4.8L) reduces water consumption and satisfies LEED and Green Building certification standards.

WE'VE GOT IT COVERED

Kohler® InstaFlush™, Nxt Gen tanks are engineered to perfection and boast five key features that make them the best in the industry. They are available in both Pneumatic and Mechanical configurations:

LEAK-PROOF DESIGN

Leak-Proof Design: Minimum thickness of 2.5 mm.

LONG-LASTING

Tested for over 2,00,000 cycles in Indian water conditions.

INSTANT POWERFUL FLUSHING

Enjoy a smooth actuation system and high performance even at low pressure.

EASE OF INSTALLATION

The slim design fits in 102 mm wall, with 3 point inlet connection and default left inlet configuration.

HASSLE-FREE MAINTENANCE

Low height tank helps with easy maintenance with easy to service parts, and stainless steel filter to prevent debris deposit.

SINKS

Traditional to contemporary, pedestal to under-mount, ceramic to glass, and White to Bluestone Rutile—our sinks are a perfect fit in any bathroom. Whether you're building or remodeling, with Kohler it's easy to find unique design solutions that are right for you. Our sinks are easy to install, crafted from the finest materials and available in a range of colors that invite you to personalize your space.

- 86 Artist Editions
- 98 Under-Mount Sinks
- 101 Drop-In Sinks
- 103 Semi-Recessed Sinks
- 104 Above-Counter Sinks
- 110 Wall-Hung and Pedestal Sinks

ARTIST EDITIONS SINKS

Our experience of the world is shaped by the things we encounter every day. The juice glasses we use every morning to the sideboard that holds our table linens, the objects we choose for our homes reflect who we are and narrate the rhythm and texture of our lives. Balancing artistry and craftsmanship with utility, Artist Editions products invite you to celebrate beauty and creativity each day.

Briolette
Faceted glass sink
K-2573-B11/TG1/TG2 /TG3/TG6/TG7/TG8

Briolette

From its roots in ancient India to its discovery by European royals, the briolette – an oval or pear-shaped gemstone cut in triangular facets – remains one of the most distinctive gemstone cuts. Its popularity reemerged during the Victorian era and the Art Deco period, and today the Briolette Vessels glass sink builds on the tradition. With its uniquely faceted shape, Briolette creates a striking, reflective effect with delicately textured glass.

Kallos
Wading Pool glass sink, Ice
K-2361-B11/TG1/TG2 /TG3/TG6/TG7/TG8

Kallos

Named for the Greek word meaning beauty or grace, the Kallos sink draws on the rich tradition of ancient artistry. Its detailed architectural pattern recalls the coffered dome of Rome's ancient Pantheon, delicately expressed in spun glass. The fine-cut glass design conceals items stored beneath the sink, while reflecting light and color in captivating patterns.

Pallene

Pallene
Vessel glass sink
K-14016-B11

Named for one of the seven beautiful daughters of the giant Alkyoneus in Greek mythology, the Pallene Vessels sink displays an intricate, classically inspired pattern embossed on its exterior. The smooth surface of the sink's interior lets water flow gracefully over this fine detailing for a strong visual appeal.

Inia

Inia Wading Pool
Glass rectangular vessel
sink in opaque dew
K-2773-02-B11

Made by American craftsmen using stunning pressed glass construction, the Inia Wading Pool sink creates a soothing focal point in any bathroom or powder room. Its deep, generously sized basin helps minimize splashing, and the glass surface cleans up easily. The subtle hammered texture helps to conceal vanity items and fixtures from view.

Empress Bouquet
On Cortical Bell vessel sink
K-14223-SMC-0

Empress Bouquet
On Kathryn under-mount sink
K-14275-SMC-0

Empress Bouquet
on Vintage under-mount sink
K-14273-SMC-0

Empress Bouquet

The first people to develop printmaking, the Chinese have produced exceptional woodblock prints since the 9th century. Offering a modern interpretation of 18th-century Chinese print work, Empress Bouquet builds on this rich artistry with its floral motif and brilliant gold and metallic detailing. Each sink showcases a slightly different variation on the pattern, creating a one-of-a-kind piece.

Laureate
Design On Caxton
Under-counter sink
K-140987-PD-0

Laureate
One-Piece Toilet In Polished
Gold on White - Deluxe
K-991787-PD-0

Laureate

The rich, warm glow of Polished Gold. The bright, reflective glint of Polished Platinum. With your choice of finishes, courtly Laureate brings refined elegance to the bathroom. Laureate combines acanthus leaves with a metalwork style used by the Ottoman Turks throughout the 18th century in embossed fabrics and as an architectural detail. Here the garland floral texture and white china create an eye-catching juxtaposition.

Flight of Fancy

Refined craftsmanship and intricate china patterns have held a place of honor in the dining room for centuries. Kohler brings this graceful look to the bathroom with Flight of Fancy. Featuring intricate, raised-enamel floral detailing framed by thin bands of rich gold or platinum, Flight of Fancy makes a stunning formal statement.

With gold accents on Caxton
under-mount sink
K-14218-FB-0

Mille Fleurs

Inspired by old-world folk art, especially embroidery, rosemaling and tapestries, Mille Fleurs brings us back to a time when wares were crafted by hand – and meant to be both well used and treasured. With its blossom-laden branches and birds of flight, Mille Fleurs brings an understated elegance to the bathroom. Genuine platinum and gold accent the design, which covers the entire surface, lending a sense of luxury.

Marrakesh

Named for the ancient capital of Morocco, the Marrakesh design was inspired by Moorish architecture. Marrakesh, the city, once served as a stop along a major trade route to the famous Timbuktu. The Marrakesh countertop draws inspiration from mosaics found in quaint Moroccan courtyards, while the intricate and abstract floral pattern embellishing the sink is inspired by artwork found in mosques.

Caravan Persia

Influenced by one of the oldest continuous civilizations, the Caravan Persia design reflects a rich tradition of culture and art. An eye-catching classic, Caravan Persia offers a fresh interpretation of Middle Eastern and Indian design traditions, drawing inspiration from decorative architecture and Moorish style. Organic, open line work contrasted with geometric patterns creates a unique juxtaposition and richness with gold and platinum micas. The white background creates an effective canvas for the pattern while offering ease of coordination with other fixtures in the space.

Serpentine Bronze
on Conical Bell® sink

K-14223-BP-09

Serpentine Bronze

A Chinese bronze basin dating from 475-221 B.C. served as inspiration for Serpentine Bronze. The luxurious pattern of turtles, fish, and intertwining serpents is applied to a Conical Bell vessel sink, adding exotic beauty to your bathroom.

Mica Gold
K-77675T-PD-0

Mica Gold
K-77674T-PD-0

Mica

More transparent than white and more glittering than gold, the special combination of a white basin with a gold edge presents the artistic concept of "more than a piece of art" with an incisive and vivid way, just to let you enjoy the best in luxury, elegance and beauty.

Spun Glass
Vessel bathroom sink
K-2275-B11

Spun Glass

The beauty of the Spun Glass sink lies in its handcrafted appearance and the stunning shape of its basin. The translucent glass offers a versatile look that becomes a focal point in any bath or powder room.

Gilded Meadow
With gold accents on Conical
Bell vessel sink
K-45922-DE-K3

Gilded Meadow

Inspired by landscape watercolors, the carved floral pattern and precious-metal accents of Gilded Meadow create a textured, harmonious look. The dramatic conical shape and distinctive design add sophisticated beauty while the neutral palette blends seamlessly with any décor. This vessel-style sink is an elegant focal point in both traditional and modern spaces.

Rectangle Wading Pool vessel
sink
K-30334-DM2-0

Dutchmaster

The Dutchmaster collection captures the movement and lush beauty of flowers, bringing bold artistic photography to the lavatory. Kohler collaborated with "florography" artist Ashley Woodson Bailey to create this exquisite floral composition. Inspired by the Dutchmaster painters of the 17th century, the glorious pattern is a bloom with hellebores, fritillaries, ranunculus and sweet pea, dramatically luminescent on a dark backdrop in the style of chiaroscuro painting. Rendered on the graceful contours of the Carillon Vessel sink, Dutchmaster stands as a bold statement in the bath.

Kensho

Etched in natural stone, Kensho is a vibrant marriage of strength and beauty, Eastern motifs and Western artistic techniques. The sensuous curves of smooth carved stone reveal a patchwork of Japanese sashiko kimono patterns depicting organic elements such as waves, mountains, and bamboo. Inspired by a 15th-century Italian technique known as aquaforte, artisans etch textural patterns into the surface, creating a sense of movement across the stone. The etched patterns are then brought to life using a champagne-gold metallic finish. This labor-intensive handcrafted process, wrought on natural stone, makes each Kensho sink unique - and a stunning statement piece for the bath.

K-17916-RL-RB2/RB3/K8

Derring

Inspired by studio pottery, the Derring collection celebrates the inherent beauty and authenticity of handcrafted ceramics. Each sink is a one-of-a-kind creation, finished with unique rutile and artisanal glazes that produce fascinating surface effects. A handcarved texture accentuates the subtle tonal variations. Featured in neutral hues, this sink can be the centerpiece of your bath, or it can serve as a unifying element that pulls everything else together.

Sartorial

The Sartorial collection pays homage to the refined elegance of 19th-century European textiles. Inspired by haberdashery fabrics, this herringbone pattern strikes a modern, geometric note, showcased beautifully on the Carillon Vessel sinks. Available in both rectangular and round shapes to offer more configuration options.

Shagreen

Inspired by oil spot glazes that originated in China, the Shagreen collection celebrates the subtle coloring and distinctive pebbled texture of natural shark and ray leather. A striking compliment to both Carillon® and Caxton® bathroom sinks, its rich glazed finish shows iridescent pearly tones and a gently granulated texture.

Lilies Lore

Lilies Lore is derived from the rich and highly stylized plant motifs of Art Nouveau. Breathing new life into an old-world material, this cast-bronze sink takes on a modern shape through an organic and intricate floral pattern. The grid drain is built into the basin surface, offering a seamless bowl with a continuous pattern. Over time, the patina will deepen to a warm brown finish to reflect the movement of water.

BATH FILLERS & ACCESSORIES

Top off your look with bath fillers and accessories.

KOHLER[®] UNIQUE EXPERIENCE

EFFERVESCENCE TECHNOLOGY

A series of ports, optimally located, distributes champagne-like bubbles that comprises of the perfect combination of air and water, allowing them to cling to and caress your skin. The result is a sublime, all-encompassing experience.

RIVERBATH[™]

Available on select models, a factory-installed pillow with two integral neckjets pulses alternately from left to right for a stimulating, stress-relieving massage at the back of the neck. Customize your experience by adjusting the pulse and water flow to your level of comfort.

VIBRACOUSTIC[™]

Kohler's VibrAcoustic[™] technology brings personalized hydrotherapy to select Kohler[®] baths, for a sensual experience unlike any other. Hidden speakers emit sound waves that envelop and gently resound within the body. Choose a soothing spa session with built-in compositions, unwind to your own music playlists, or catch up on news and podcasts.

BASK[™] HEATED SURFACE

Select baths are available with a heated back surface for additional spa-like comfort. Three adjustable temperature settings invite you to customize your bathing experience and immerse yourself in warmth and relaxation.

Here's a closer look at the technology systems that drive Kohler® hydrotherapies. Each of these technologies has been developed by our own design and engineering teams to bring you the best options and experiences in Hydrotherapy.

WHIRLPOOL JETS

Kohler® whirlpool jets are individually adjustable to target specific areas of your body. Delivering the optimal mix of air and water, they fully adjust the water flow intensity and directional control.

BACKJETS

Available on select models, the Bodymassage backjet system, featuring ten Kohler® backjets, loosens tension throughout the back and shoulders and encourages deep breathing. Our backjets fire two by two, targeting the lower back first and moving all the way to the shoulders. In this way, our backjets simulate the natural progression of a hands-on massage.

CHROMATHERAPY

A colour experience designed to enhance bathing, this eight-colour spectrum washes over the body in a repeating one-minute sequence or may be programmed to rest on any one of the colours, to help create a soothing or energizing ambience.

BUBBLE MASSAGE™ AIRJET DESIGN

This proprietary design ensures comfortable and consistent bubbling action, making Kohler® BubbleMassage™ the ultimate air bath experience. The 360-degree staggered airjet design, along with targeted foot and lumbar airjets, delivers a full-body massage.

ENHANCE YOUR COMFORT

We offer various accessories to make your bathing experience even more relaxing and tailored to your preferences. A pillow and footstop provide added comfort and are available in the most popular Kohler® colours. Bath and whirlpool trim options, drains and under-mount installation accessories allows you even more flexibility for customization.

REMOVABLE PILLOWS

The optional pillow (K-1491) provides a comfortable addition to any Kohler® bath, whirlpool or BubbleMassage™ air bath. Suction cups hold the pillow firmly in place, yet allow it to be removed easily for cleaning.

REMOVABLE FOOTSTOPS

An optional footstop (K-1601) can be placed at the base of the feet or under the thighs to comfortably adjust your bathing position in larger baths. It coordinates with any Kohler® bath, whirlpool or BubbleMassage™ air bath.

CLEARFLO SLOTTED OVERFLOWS

Kohler® offers you a wide array of features, including the Clearflo slotted overflow drain that affords up to an additional 1½ inches of water depth. Recommended overflow/drain combinations for each bath are listed in the feature charts. To view our complete selection of drains, visit us at KOHLER.com

ELECTRONIC CONTROLS

All hydrotherapy features may be independently controlled with ease. Some models include a lighted keypad and floating remote control to add further customization and convenience.

ELECTRONIC DRAIN

Completely modular, PureFlo rough drains let you choose from a basic rotary-handle trim kit or contemporary, traditional and victorian designs with rotary and push handles. At any point in the life of the drain, the trim can be changed without accessing plumbing behind the bath or wall – perfect for remodeling. Rough drains and trim kits are sold separately.

SPA AT YOUR FINGERTIPS

DTV+™ is a Digital Thermostatic Valve (DTV) that controls four elements to give you a true multi-sensory showering experience. Every element of your showering experience is completely customizable to your needs and is controlled by the touch-screen interface. There's nothing quite like it for the home and it's only from Kohler®.

CONTROL THE ELEMENTS

WATER

DTV+™ works with one or two-valves. Each valve gives you six, three or two ports that run different showering components simultaneously.

MUSIC

Add a Kohler® Amplifier and SoundTile® speakers to introduce music into any showering experience. Amp yourself up for the day or unwind from the daily grind with your favorite playlist.

STEAM

Add a steam adapter and steam generator to bask in the rejuvenating embrace of a soothing steam experience.

LIGHTING

Add lighting elements to control every aspect of the entire room's ambience. It will set the mood for your very own spa retreat.

FREE-STANDING BATHS

This installation option is ideal when the bath is the focal point of the room. Typically accessible from all sides, the freestanding bath highlights the beauty of the design.

Comfortable Fit

- With backrest angles ranging from 37° to 65°, comfortable baths are ergonomically designed for a variety of preferences. Featuring a contoured silhouette and spacious interior, these exquisitely crafted masterpieces allow you to lounge comfortably at a perfect soaking depth.

Personalized Space

- Available in multiple sizes (1.3m/1.7m/1.8m), installation options (drop-in, free-standing), and bath types (regular bath/ BubbleMassage bath).
- The 1.3 m freestanding bath fits perfectly into smaller bathroom spaces without sacrificing comfort and aesthetics.

Human-Friendly Accessories

- Soft-textured, adjustable bath pillow adapts seamlessly to the curvature of your neck
- Pliable grip rails eliminate sharp edges and potential risk of injuries

FAUCETS COLLECTION

Our faucets and accessories allow you to design bathrooms that are tailored expressions of your personal style. It's simply a matter of settling on a design and finish that's right for you and choosing the components you'll need. We've done the rest of the legwork for you.

We take the extra time to precision-engineer each element of every faucet, from design to manufacture. To ensure Kohler quality, our faucets are hand-inspected and tested well beyond the industry's most rigorous standards.

ARRAY OF STYLES AND FINISH OPTIONS | MODERNLIFE EDGE™ FAUCET & MODERNLIFE EDGE™ VESSEL

FAUCETS

The design and detailing of your bathroom is something that can bring you pleasure everyday; it is not a place for compromise. Kohler® offers an inspiring breadth and depth of faucets for basins, bath and shower applications. Ceramic disc valving and flexible stainless steel supplies, along with an array of styles and finish options, allow homeowners to complete their bathrooms with confidence.

CHOOSE YOUR FAUCET

CHOOSE YOUR INSTALLATION TYPE

DECK MOUNT

Deck mount faucets can be mounted on either the basin or the counter. They usually have one handle connected to the spout. Easy to install and easy to use, a single lever controls water flow and temperature. If it's a deck mount basin, choose between tall and normal faucet basis the basin's selection.

WALL MOUNT

Wall mount faucets have a spout and one handle mounted on the wall above the sink. They reduce clutter on the basin and make cleanup easier.

CHOOSE YOUR HEIGHT

NORMAL

Compact and easy to use, it's a great option for smaller spaces.

TALL

Tall enough to fit over a vessel sink and allows water to gracefully cascade directly into the sink.

CHOOSE YOUR FINISH

Chrome, Matte Black, Rose Gold, French Gold,
Brushed Bronze, Brushed Nickel.

THE KOHLER[®] FAUCET ADVANTAGE

EXCEPTIONAL PERFORMANCE | MODERNLIFE EDGE, FAUCET

Kohler® faucets are designed, engineered and manufactured to the highest standards of quality and deliver a lifetime of uncompromised performance.

LIFE-50

Cartridges tested for 10,00,000 on/off cycle i.e 50 years of use, 2 times the industry standards:

LIFE-BRIGHT

Finishes that last 2 times longer than industry standards*, made stronger with 3 layers of coating.

CLICK-50

Eco cartridge that saves 50% of the water through an intermediate stop in the faucet lever.**

PVD TECHNOLOGY

Available with the Vibrant Collection, Physical Vapor Deposition technology offers a range of unique finishes with a 12-year residential warranty.

VERSATILE FAUCET HEIGHT

Faucet options available to perfectly combine with wash basins, vessels, countertop, etc. to suit your needs.

SAFE TOUCH

Protective shell ensure that the faucet is safe to touch.

EASY CLEAN SURFACE

The faucet can be wiped clean with only a wet cloth to get a sparkling finish

* Tested against acetic acid salt spray that's 8X powerful than industry standards

** Tested for 1 million cycles which is 2 times the industry standards

ARTIFACTS

Timeless and classic in its inspiration, Artifacts faucets combine quality craftsmanship with artisan designs to lend character and authenticity to your space - as a finishing touch or the central piece to build the room around. This Victorian-inspired bathroom sink spout features an elegant column design.

COMPONENTS

Designed to be designed.

Components is a full collection for the contemporary bathroom. The collection invites you to design your own signature look by combining a faucet spout with your style of handles. The different spout and handle combinations within this curated collection allow you to bring a touch of your personality into the room. Once you have found a style that speaks to your taste, select your finish and bring the entire room together with Components showering designs and accessories.

With different combinations creating distinct looks, Components is a versatile collection that was designed to be designed. By you.

Choose your spout

Every spout within the Components collection features minimalist modern lines. This creates a bold silhouette for a striking design statement in any bathroom. Both the Row and Tube spouts feature laminar flow for less splash and a more natural movement to the water stream. Combine a spout with any set of handles to create the look you want.

Choose your handle

Each handle within the Components collection delivers precise water flow and temperature control. Every actuation is intuitive and effortless. Combine a set of handles with any spout for a quintessentially modern look.

Choose your finish

Put the finishing touch on your design. Additional finishes for the Components collections are also available in our Finish to Order program. Visit your closest KOHLER showroom to learn more about our Finish to Order Program.

Purist® widespread bathroom sink faucet with lever handles and gooseneck spout K-14406-4-BV with handles K- T14429-4-BV

PARALLEL

The Parallel collection blends the opposing elements of flat surfaces and sharp angles into a harmonious balance. The combination of circular shapes with square designs lend a distinct look to each faucet while the characteristic angle defines and unifies the spouts and handles across the collection of circular shapes with square designs.

SHOWERING

At Kohler, we believe a shower should transform you and make the journey of your day more meaningful and memorable.

A shower can be the place you ease into the day's rhythm or wind down from the rush; a break from the craziness. It can be where you focus on you, or a space to reconnect. It can be a place to shift gears and experience water in a way that makes a difference.

As a one-stop showering shop, Kohler has everything you need to create an extraordinary showering space. Whether you're simply replacing a showerhead, remodeling an outdated space or building your dream home, we have it all.

While we believe a shower can be many things, it should never be ordinary. When you step into a KOHLER® shower, the only question is, where do you want to go?

SHOWER PRODUCTS

KOHLER defines the ultimate showering experience.

What makes for a great shower — is it water temperature, water flow or the feel of water on your skin? A truly comfortable bathing experience comes from thoughtful considerations of all these aspects. KOHLER's thermostatic valve ensures a comfortable water temperature for your shower, constantly maintained at your preferred setting. Our revolutionary Katalyst Air technology infuses each drop with air, guaranteeing plump, soft water drops that feel like natural rain and dew on your skin. As for the water flow, you can choose from a variety of modes to customize your shower water flow just the way you like it!

INTUITIVE. IMMERSIVE. ICONIC.

The Statement[™] showering collection with Anthem[™] controls and valves feature unexpected designs, Indulgent spray options, and a range of universal forms. The versatile portfolios are meticulously crafted to fit all global plumbing standards, opening the door to truly seamless specification and unfettered creativity. Visit our virtual portal to explore the possibilities and unleash your imagination.

| Statement™ Showering Collection

Shape the Ultimate Showering Experience

Design

The voluminous forms and approachable designs are inspired by iconic furnishings, bringing form and finish to the forefront without overwhelming the space.

Experience

Signature spray experiences create wholly immersive environments that drench the body and relax the mind, fostering a sense of wellbeing.

Ease of Specification

A diverse portfolio and universal designs that align with global standards allow for unrestrained creativity and seamless specification—anywhere in the world.

Ease of Installation

The collection features an array of uncomplicated forms, ensuring simplified installation in global regions.

*detailed product information coming soon

| Anthem™ Valves & Controls

Versatile Controls, Transformative Experiences

Design

The clean, unexpected look of Anthem controls is reminiscent of common household appliances, while remaining intuitive and familiar.

Experience

Advanced outlet control provides independent access to each shower component. With precise command over temperature and volume, users can enjoy a highly personalized experience.

Ease of Specification

The universal design aligns with global standards and can accommodate up to six outlets in a single control. The result is truly seamless specification, anywhere in the world.

Ease of Installation

Needing only hot and cold inlets, Anthem valves reduce the number of required connections behind the wall for a refreshingly simple installation.

*detailed product information coming soon

COMPONENTS GUIDE

SHOWERING COMPONENTS

We offer solutions from floor to ceiling—showerheads, handshowers, rainheads and body sprays—all optimally designed to give you the best experience, water pressure and water usage for your task. Find one that's right for you or combine multiple components for a personalized experience.

Showerheads

PRIMARY TARGET Head, shoulders, back and face

FUNCTION Single and multifunction

BEST FOR Rinsing hair and general cleaning

REQUIRED Showerarm (shown)

Rainheads

PRIMARY TARGET Whole body

FUNCTION Single

BEST FOR Relaxing, spa-like experience

REQUIRED Showerarm (shown)

Body Sprays

PRIMARY TARGET Shoulders, back or feet

FUNCTION Single

BEST FOR Relieving sore muscles with a hydromassage

Handshowers

PRIMARY TARGET Whole body

FUNCTION Single and multifunction

BEST FOR Rinsing off kids, bathing pets and cleaning the space

RECOMMENDED Slidebar, supply elbow, wall bracket

REQUIRED Showerhose

Slidebars

Allow you to adjust the height of handshower for individual users

Slidebar With Integrated Supply Elbow

Reduce the number of components on the wall and creates a simple, streamlined look

Shower Hoses

60" or 72" lengths—hose length depends on the task at hand and size of the shower

Ribbon, smooth or metal material—ribbon hoses are light and quiet; smooth hoses wipe clean with ease; and metal hoses are premium and long-lasting

Wall Brackets With Supply Elbow

Allow handshower to be used in larger showering environments, providing both the water supply and a bracket

Supply Elbows

Provide water supply; use with slidebar on one side and bracket on the other

Wall Brackets

Hold handshower in fixed position

COMPONENTS GUIDE

SOLUTIONS

Keep life simple by choosing easy upgrades or prepackaged showering solutions rather than undergoing a major remodel or piecing your components together separately.

HydroRail®

HydroRail shower columns turn your shower into a spa-like retreat without having to go behind the wall to reroute plumbing or change out the valve. The column mounts to existing plumbing. This means you simply remove the old showerarm and replace it with the HydroRail shower column to create a custom shower experience.

Showering Kits

Simplify your design process by choosing from our showering kits. With complementary components in a variety of finishes, each kit is ready to go.

Handshower Kits

These kits include coordinated handshowers, slidebars and hoses.

HydroRail Kits (shown)

Our HydroRail kits combine a HydroRail shower column with either a showerhead and handshower or rainhead and handshower.

Essentials Kits

Complete solutions, these kits include multifunction showerheads and handshowers, showerarms with diverters, slidebars and line-matched manual valve trim. Valves sold separately.

Trim Kits

Bath/Shower (shown)

Bath/shower trim kits include a showerhead, showerarm, manual valve trim and bath spout. Valve sold separately.

Shower

Shower trim kits include a showerhead, showerarm and manual valve trim. Valve sold separately.

TRIM OPTIONS

Manual or digital, our shower trim options help deliver precise control of your showering experiences. KOHLER® trim comes in a number of styles and finishes to help you design a showering space that is polished and elegant.

Manual Trim

Trim for manual volume and temperature controls coordinate with our faucet designs and finishes. Choose pressure-balancing or thermostatic trim options to coordinate with your valve.

Digital DTV Prompt®

The DTV Prompt interface features a large, easy-to-read display and intuitive push-button control system, operating up to three different outlets.

DTV+™

This simple touch-screen interface controls every element of your multisensory DTV+ showering experience—water, steam, music and lighting.

VALVES GUIDE

Engineered to ensure every showerhead, rainhead, handshower and body spray performs at its best, our valves have what it takes to meet the innovative functionality and exacting standards of today's custom showers. Create your ideal showering experience, and we'll help you choose the valve to power it.

PRESSURE-BALANCING VALVES

- All-in-one solutions that let you turn the shower on and off, as well as control water temperature, all with one handle
- Typically used in more basic applications like a traditional bath and shower
- Transfer and diverter valve options allow you to expand the number of outlets you can control
- High-flow pressure-balancing valves are available for a faster bath fill or custom shower application
- Rite-Temp universal valve is fully compatible with all existing Rite-Temp trim

BEST FOR Basic bath/shower and shower configurations

FLOW RATES 19 lpm up to 50 lpm

THERMOSTATIC VALVES

Manual

- Takes a basic shower to the next level
- Set the temperature once and the valve automatically maintains it
- Perfect for all applications from a basic bath/shower to more elaborate custom showers
- Add separate volume control valves to adjust the flow of each outlet—showerheads, handshowers, body sprays
- Transfer or diverter valves allow you to operate multiple outlets with one volume control

BEST FOR Bath/shower and shower configurations with multiple outlets

FLOW RATES 40 lpm up to 64 lpm

Digital

- The ultimate in clean design, functionality, performance and convenience
- Comprised of a digital thermostatic valve and an intuitive, easy-to-operate digital interface
- Can be used with basic or custom shower systems with options for music, lighting, steam and spa experiences

BEST FOR All bath/shower and shower configurations

FLOW RATES 50 lpm up to 159 lpm

DIGITAL VALVES

Why Go Digital?

Precision

Digital showers let you select and set the precise water temperature. With built-in features—user presets, warm up, pause and timer—you can create your perfect showering experience.

Control

With a digital system, multiple valve trims on the wall are replaced by a single easy-to-use digital interface. Add a second interface outside the showering space to activate and warm up your shower.

Customization

A digital shower system can be used for a single outlet or a fully customized showering retreat. DTV+™ lets you go even further by incorporating lighting, music, steam and spa experiences.

DTV Prompt®

DTV Prompt is our entry-level digital showering system with a choice of push-button interfaces to control either two or three outlets.

With a maximum flow of 49 lpm (30 lpm maximum flow from a single outlet), DTV Prompt is a perfect solution for multiple outlet systems such as showerhead, handshower and rainhead.

DTV+™

Our most advanced digital showering system, DTV+ gives you the ability to control water, light, sound and steam with a touch-screen interface, for a true multisensory showering experience.

Water

DTV+ works with one or two valves. Choose from two-, three- or six-outlet valves to create your spa-like experience.

Music

Add a KOHLER® Amplifier and SoundTile® speakers to introduce music into any showering experience. Amp yourself up for the day or unwind from the daily grind with your favorite playlist.

Steam

Add a steam adapter and steam generator to bask in the rejuvenating embrace of a soothing steam experience.

Lighting

Add lighting elements to control every aspect of the entire room's ambiance. It will set the mood for your very own spa retreat.

REAL RAIN

Stand beneath the Real Rain showerhead and let the first few drops of a soft summer rain fall across your shoulders. Look up. Breathe. Let your mind's rhythm slow as the rainfall builds. Feel your body relax into the warmth. And let nature, in all its ordered randomness, rain over you.

SHOWERHEADS

If you like a shower that keeps pace with your day—an invigorating wake-up shower, a massaging after-workout shower or a relaxing evening shower—a multifunction showerhead is the way to go. We offer a range of multifunction spray experiences, including water-saving options, to suit a variety of intensity preferences.

Vibrant PVD Coating

Vibrant Gold and Silver finishes bring an exquisite elegance to your bathroom. The new Vintage Black coating complements the Devonshire series to create a classic, nostalgic presence. The Rose Gold finish introduces an understated luxurious ambience to your bathroom. Polished Titanium Silver is the look of the future with its silver grey matte color. Trending in the world of fashion, it's becoming the finish of choice.

Convenient “Add on” Installation

Thanks to a strong adhesive that has been certified through rigorous testing and that can be removed without damage to your walls, accessories can be easily installed without drilling holes.

Leading the Way to Green Buildings

Working towards sustainability is an ongoing journey for Kohler, and creating water-conserving products has long been key component. We have a history of looking ahead and doing all we can to ensure the future of our community, and even our world. We honor that tradition by creating a better future. Our global sustainability goal of a net zero carbon and solid waste footprint by 2035 requires committed action right now, so we are focusing our efforts in some key areas.

URINALS

Whether the focus of your venture is great style, water conservation, durability or all three, KOHLER urinals deliver. With a wide selection of touchless and manual models featuring a range of lpm platforms, our urinal offering helps you imagine and create smart, hygienic bathroom spaces.

RADA PRODUCTS

Rada is the commercial division of Kohler Mira Ltd, with over 100 years of experience providing water control valves for healthcare, education, sport, leisure and commercial specifications around the world.

Rada is now bringing that same advancement to washrooms. Intelligent Care is our next generation of taps designed specifically for healthcare.

The range can play an active role in helping guard against infection, keeping patients safe and supporting healthcare staff.

"Intelligent Care is more than just a tap. It's a pioneering piece of technology that embraces all the advantages of a modern, connected world."

Rada MX1 20f

AC MIXER WITHOUT DRAIN
K-72942-CP

Reach: 156 mm, Height: 175 mm

Intelligent Care thermostatic deck mounted sensor tap

Included:
Check valve/filter unit, Power Supply Unit, Flexible hoses

Option: Copper tails - MX1 20CUK - 72940-CP

Rada MX1 20nf

AC BLENDED ONLY WITHOUT DRAIN
K-72943-CP

Reach: 156 mm, Height: 175 mm

Intelligent Care thermostatic deck mounted sensor tap

Included:
Check valve/filter unit, Power Supply Unit, Flexible hoses

Option: Copper tails - MX1 20NLUK - 72941-CP

Rada MX1 40CUK

AC MIXER HIGH NECK WITHOUT DRAIN
K-74010-CP

Reach: 196 mm, Height: 221 mm

Intelligent Care thermostatic deck mounted sensor tap

Included:
Check valve/filter unit, Power Supply Unit, Copper Tails

Rada MX1 60UK

AC MIXER WITHOUT DRAIN
K-72946-CP

Reach: 200 mm, 199 mm

Intelligent Care thermostatic wall mounted sensor

Included:
Check valve/filter unit, Power Supply Unit

Rada MX1 60NUK

AC BLENDED WITHOUT DRAIN
K-97390-CP

Reach: 200 mm, 199 mm

Intelligent Care thermostatic wall mounted sensor tap

Included:
Check valve/filter unit, Power Supply Unit

Rada Safetherm XP

THERMOSTATIC CLINICAL MIXER TAP
WITHOUT DRAIN
K-1.1704.216

Reach: 156 mm, 175 mm

TMV3 approved panel mounted, thermostatic mixer tap

Rada Safetherm XP

THERMOSTATIC CLINICAL
MIXER TAP WITHOUT DRAIN
K-1.1704.217

Reach: 296 mm, 175 mm

TMV3 approved basin mounted, thermostatic mixer tap

Rada Thermotap 3L XP

THERMOSTATIC MIXER TAP WITHOUT DRAIN
K-1.1555.013

Reach: 140 mm, 165 mm

Basin mounted thermostatic mixing tap with long lever
Also available with copper supply tails (1.1555.062)

Rada ACU_{T3}

AC DIGITAL SENSOR MIXER WITHOUT DRAIN

K-1.1664.010

Reach: 236 mm, 135 mm, 190 mm

Panel mounted, digital thermostatic mixer tap included;

190mm Spout, Power Supply Unit

Available Spouts:

1.1664.003 - 150 mm, 1.1664.011 - 225 mm

Rada V₁₂

SURFACE MOUNTED THERMOSTATIC SHOWER VALVE

K-1.1651.156

Reach: 206 mm, Height: 122 mm

Surface mounted thermostatic shower valve included;

check valves, filters and optional flow regulators

Rada V₁₂

CONCEALED THERMOSTATIC SHOWER VALVE

K-1.1651.157

Reach: 183 mm

Built-in thermostatic shower valve included;

check valves, filters and optional flow regulators

Rada S.PA₁

ELECTRONIC TIMED SHOWER PANEL (WHITE)

K-1.1776.002

Reach: 296 mm, 175 mm

Ready to install slimline shower panel. Also available in

Silver finish (1.1776.001)

Rada T_{1 100 TF}

TIMED FLOW PILLAR TAP WITHOUT DRAIN

K-2.1762.056

Reach: 80 mm, 110 mm

Basin mounted push button tap

Included:

Red or blue temperature indicator

Rada T_{1 145 TF}

TIMED FLOW PILLAR TAP WITHOUT DRAIN

K-2.1762.058

Reach: 126 mm

Extended wall mounted push button tap

Included:

Red or blue temperature indicator

Rada T_{4 125 TF}

TIMED FLOW MIXER TAP WITHOUT DRAIN

K-2.1762.079

Reach: 158 mm, 109 mm

Contemporary basin mounted push button tap

Rada T_{2 300B TF}

TIMED FLOW SHOWER CONTROL

K-2.1762.061

Reach: 135 mm

Built-in, chrome finish, push button shower control

Rada EV

HEAVY DUTY SHOWER FITTINGS

K-2.1642.002

Reach: 742 mm

Robust shower rail kit

Included:

Heavy Duty Shower Rail, 5 Mode Shower Head, Shower Hose and Hose retaining ring

Rada SF1 to BIV

OPENABLE SHOWER FITTINGS

K-72960-CP

Reach: 675 mm

Healthcare Shower rail kit

Included:

Shower Rail, 1 Mode Operable Shower Head, Shower Hose, Wall connector

Rada SH1 UK

OPENABLE FIXED SHOWER HEAD

K-72966-CP

Reach: 110 mm, 97 mm

Fixed shower head, operable single mode spray

Rada VR2-RS

VANDAL RESISTANT FIXED SHOWER HEAD

K-2.1652.009

Reach: 67 mm, 105 mm

Vandal resistant heavy duty shower head

Rada VR105

KITCHEN FAUCETS

Your kitchen is the center of your home and a celebration of life within. Kohler® kitchen faucets are designed to offer you the ultimate, in both form and function. Kohler® kitchen faucets deliver enhanced functionality, enduring craftsmanship and unrivaled design sophistication. This not only allows you to enhance your experience but also enables your kitchen to become an environment where you can relax and entertain. Let us help you make it the perfect kitchen.

KITCHEN FAUCETS

The design of a faucet intended for a hectic kitchen space must give primary consideration to practical use. Close cooperation between designer and engineer guarantees not only the reliability and safety of KOHLER faucet materials and craftsmanship, but also offers easy operation and cleaning. Practical concerns aside, a kitchen faucet should also add just the right eye-catching touch to highlight your smart but trendy kitchen.

Effortless Control

Flexibility and Durability

Flexible hose and pull-out spout rotate freely to get to every corner of your sink without drips.

Magnetic Docking

The Gonzalez sensor faucet uses the DockNetik™ system with internal magnets for quick, exact and convenient placement of the faucet head.

DockNetik™

Hands-Free Operation

KOHLER touchless kitchen faucets free your hands so you can speed through cooking and cleanup tasks while enjoying a cleaner, more hygienic kitchen environment. The intuitive Response™ technology is in tune with your every move: a simple wave of your hand — or an object such as a pan or utensil — turns it on or off. The sensor is precision-designed to provide quick response and reliable operation every time when you're working in the sink area.

GENERAL TERMS OF SALE

01/01/2016

1 - GENERAL

Placing an order implies full acceptance of these general terms of sale. Any exceptions or special conditions of sale must be covered by a written agreement from the Company and, unless otherwise stipulated, are valid only for the sale for which they were granted.

The terms of sale herein may be waived in the event the Company responds to a public or private tender.

These general terms of sale prevail over provisions otherwise stipulated in documents issued by the buyer, regardless of when the Company becomes aware of such provisions. Any reservations or changes appearing on the purchase order will not be valid against the Company, even in the absence of special indications on the acknowledgment of receipt, unless the Company has given its express agreement. The fact that the Company fails to require strict adherence to terms of sale at a given moment does not mean that it shall not do so subsequently.

The Company may furnish studies and/or recommendations at the customer's request, but they are provided only as an indication. The Company can in no way be held responsible for said studies or recommendations. It is up to the customer to verify them on its own responsibility and check the applicability of each particular case.

2 - ORDERS

The sale is not complete until the Company accepts the order in writing and sends an acknowledgement of receipt. Acceptance is subject to the absence of "abnormal requests" as well as compliance with the terms governing outstanding balances defined by the Company based on credit information received.

Acceptance may also be subject to the application of special payment conditions and/or the submission of appropriate guaranties, especially if the buyer does not have sufficient financial cover or if payment incidents have occurred.

Except where prior written agreement is given by the Company, requests to cancel or modify an order cannot be accepted once the products have been manufactured. If necessary, the Company's acceptance to modify an order may be subject to an increase in price and an extension in delivery time.

3 - DELIVERY

Dimensions, weights and measurements figuring in the brochures and catalogues are provided only as an indication and cannot be guaranteed.

The Company reserves the right, at any time, to make modifications it deems useful to its products, with no obligation to apply said

modifications to products figuring on an outstanding order. The Company can also be brought to terminate, with no advance notice, models presented in its brochures or catalogues. No compensation shall be due by the Company in case of product modification or termination.

Delivery is made according to availability and the chronology of the orders received. Deliveries may be global or partial.

Delivery dates are approximate. Deliveries made after the indicated delivery date will not be subject to compensation and will not be justification for order cancellation unless the delay exceeds 30 days and is not justified by circumstances beyond the Company's control (force majeure, unforeseen event, war, act of terrorism, fire, strike, accident, delay due to the seller's suppliers or to carriers).

In any event, the delivery shall only take place if the buyer's obligations to the Company are up to date, regardless of the cause.

Transfer of risks passes once the sale is perfect. Consequently, all shipping, handling and unloading operations are at the addressee's risk, including for merchandise with transport prepaid or free transport and notwithstanding the clause concerning reserve of title and regardless of the type of carriage used. It is therefore the buyer's responsibility to inspect the merchandise upon receipt and indicate any reservations, as needed, and to exercise all recourse, as applicable, in the manner described below.

Any claims (damages or missing items) must be mentioned on the packing slip or shipping receipt and must be confirmed by registered letter sent to the Company if delivery was made by the Company's own vehicle, or to the carrier with a copy sent to the Company if the delivery was made by a third-party carrier.

Confirmation must be made within a maximum of three days from receipt of the merchandise and in any event prior to installation thereof.

Delivery is made on a working day by direct delivery of the merchandise to the customer, by a notice advising that the merchandise is available for pick-up, or by delivery of the merchandise to a shipper or carrier. The Company cannot guarantee a specific day or time. It is assumed that merchandise with free transport shall be delivered to the normal residence of the buyer.

Should delivery be postponed or cancelled at the buyer's request, the Company reserves the right to dispose of the merchandise within one month of the scheduled date of delivery. Any sums already paid will not be returned.

4 - ACCEPTANCE - RETURNS

Without prejudice to arrangements to be made with the shipper claims for apparent defects or for products which are not conform to the product ordered or to the shipping note, must be made in writing and duly justified within 15 days after product delivery.

No defect caused by the buyer (specifically improper care or handling) can be imputed to the Company.

In case of an apparent defect or non-conform products, the buyer may obtain a free replacement or reimbursement for the product, as the Company chooses. No claim shall authorize payments to be deferred or suspended.

No merchandise may be returned to the Company without its written consent and its re-shipment instructions. Any product returned without the express consent from the Company shall be held at the disposition of the buyer and shall not result in the issue of a credit. Except with written consent to the contrary, return risks and expenses shall be borne by the buyer.

5 - PRICES - PAYMENT TERMS

The prices and information given in catalogues and leaflets are provided only as an indication and carry no commitment over time. They are subject to change without prior notice based on changes in the economy. Written offers issued by the Company are valid for fifteen (15) days only.

Except with arrangements to the contrary applicable to certain customer categories, payment terms, based on standard commercial practice are 45 days, end of month, from the date of the invoice, with no discount.

However, the Company reserves the right to require immediate payment if special circumstances so dictate. No credit terms will be accorded, particularly not to occasional customers who have no account with the Company. The Company reserves the right, at any time depending on the risks involved, to set a credit ceiling for each buyer and, if necessary, to terminate previously agreed upon payment terms or require special guaranties.

Products requiring special production (non-referenced products) will require a 30% deposit with the order. Such products cannot be exchanged or returned.

In the event of payment by drafts subject to the buyer's acceptance, the buyer is required to return the drafts within eight (8) calendar days of receipt. Promissory notes and bills of exchange must be sent to the Company within eight (8) calendar days of receipt of the statement of invoices. Full payment of the amounts due shall be required immediately for

failure to return any of these documents.

Payment dates may not be postponed or compensated for any reason, even in the event of a claim, under penalty specifically of suspension by the Company of all outstanding orders. Failure to make payment at due date of a single bill of exchange or a single invoice will result in the requirement of immediate payment, automatically and without prior notice, of all the buyer's liabilities with the Company, including those not yet due and may lead to the cancellation of previously granted discounts and rebates.

Any extension of due date, with or without the Company's consent, will result in late interest charged to the customer at the base bank rate plus eight (8) points, as pursuant to statutory provisions. These charges shall be due with no additional notice.

In addition, all expenses associated with late payment, specifically expenses for collections and legal fees, are charged to the defaulting customer. However in lieu of these expenses, the Company reserves the option of applying to the defaulting customer a penal clause equal to 15% of the amounts unpaid.

In case the buyer fails to fulfil its obligations totally or partially, and if there is no response to a final notice after forty-eight (48) hours, the sale shall be cancelled automatically if the Company sees fit. The Company may urgently ask that the products in question be returned, without prejudice to all other damages.

The cancellation shall affect the order in question in addition to all other prior unpaid orders, whether or not they have been delivered, and whether or not payment is due. In the event the sale is cancelled, the Company shall retain all deposits.

6 - WARRANTY

To benefit from the Company contractual warranty, the new or old installations into which the products are incorporated must be carried out by qualified professionals, in accordance with installation code in effect, the standards of good workmanship and the recommendations which appear in our literature.

Products manufactured from natural materials, such as wood, marble and stone, may feature different shades of colour or veins. These effects (shells, geodes, strata, glass, marks) cannot be considered flaws or justify refusal or a deduction in price.

Marble can be reworked or consolidated according to the standards of good workmanship using filler, facing or clips.

A contractual warranty applies to the Company products as follows:

Enameled cast iron and vitreous: 10 years, except fireclay: 5 years.

Stainless steel: 10 years.

Composite materials – baths, vanity basins and shower trays: 10 years, except special warranties applicable to certain product categories.

Kitchen sinks and vanity tops: 5 years.

Faucets: 5 years, except commercial faucets = 1 year.

Faucet finishes: PVD = 10 years, chrome = 5 years, other = 1 year.

Bath cabinets: 5 years. Glass parts (mirrors, shelves) or methacrylate parts are not covered in warranty.

Spa systems: 5 years (acrylic shell) and 1 year (equipment).

Tonus+, Energy+, Serenity+ whirlpool systems: 2 years, parts and service. Sök, Riverbath: 2 years, parts and service. Bath screens, shower enclosures: 2 years except Minima and Indigo: 10 years. Shower modules: 1 year. Other multifunction shower units: 1 year. Exceptions: surface treatment and special treatments other than chrome for components, accessories such as handshower hoses, handshowers and brackets, cistern fittings, built-in cisterns, seats and covers, drains, baskets, cutting boards, disposals, soap dispensers, bath handgrips, bath pillows, Tellieur wooden surround, etc., and faucets and installation accessories for institutional products: 1 year.

These warranty periods run from the date the sale is concluded by the Company.

The contractual warranty does not cover defects known to the buyer at the time of purchase or defects which are visible with the naked eye. Nor does it cover the consequences of improper storage conditions; normal wear; non-compliance with assembly instructions (e.g., improper installations or connections, abnormal stress, lack of watertight washers, use of unsuitable light bulbs) or care instructions lubrication, changing washers or valves, purging); use of cleaning products or other unsuitable products (corrosive or abrasive products, solvents, lime removers, or grease removers containing phosphoric acid, hydrofluoric acid or hydrochloric acid); scratches, prints, chips or burns occurring after assembly; accidents or impact (e.g., fallen objects), damage caused by water action or quality of water (hard water, scale build-up, corrosion); frozen pipes; leaks in supply or discharge pipes; insufficient ventilation or abnormal heat source; or deterioration resulting from foreign matter (sand, filings, etc.). It is important for the buyer to consult the assembly and maintenance instructions relating to each product category in question. The warranty shall not apply to products used previously for photo sessions or presented in showrooms, exhibits, trade fairs or other commercial events.

In order to benefit from a contractual warranty, the buyer must advise the Company of any defect within one month of the day on which the defect occurred. If the defect is apparent,

the claim must be sent to the Company in writing within 15 days of receipt and in any event prior to installation or assembly.

The Company warranty is strictly limited to replacement from its factories of the part which has been recognized as defective or, if this is impossible, replacement with a part intended for the same use. Under no circumstances can a claim be made for labour, travel time, damages, or any compensation or penalty of any kind (for deprivation of use, indirect prejudice, etc.).

The repair, modification or replacement of parts during the period of warranty does not extend the warranty. The warranty is conditional upon the customer meeting the payment terms.

This contractual warranty does not exclude the legal warranty for concealed defects provided for by Articles 1641 et seq. of the Civil Code.

7 - OWNERSHIP THE COMPANY SHALL MAINTAIN OWNERSHIP OF MERCHANDISE DELIVERED UNTIL PAYMENT IN FULL OF THE PRINCIPAL, EXPENSES AND INCIDENTALS, AND EVENTUALLY CHARGES.

The buyer shall ensure that products can always be identified as long as merchandise has not been paid in full. Merchandise remaining in stock shall be considered unpaid.

Failure to meet any payment date may result in a claim on the goods.

These arrangements shall not hinder the transfer to the buyer of the risks of loss or deterioration of goods sold, and the damages they could cause, as soon as the sale is complete.

Within the framework of its normal activity, the buyer is authorized to resell the merchandise, but cannot offer said merchandise as security. In case of resale, it shall immediately notify the Company, so that the latter can assert its rights regarding prices as regards the subsequent buyer. The authorization to resell is automatically withdrawn in the event of receivership or liquidation proceedings.

8 - JURISDICTION

A suit or dispute of any kind related specifically to the constitution or execution of the order shall be submitted solely to the Commercial Court within the jurisdiction of the Company headquarters, unless the Company decides to refer to another competent court.

Since 1873
